Thank you to Primary Futures for hosting a morning session for Clougha and Pendle with [GCHQ](http://www.gchq.gov.uk), (Government Communications Headquarters) - the world-leading intelligence, cyber and security agency with a mission to keep the UK safe.

This was a great opportunity, as it is forecasted that there will be significant growth in future job opportunities as the Headquarters for the National Cyber Force is to be built in Lancashire.

This was an amazing opportunity for the children to learn about the world that inspired the likes of our favourite spy films and series such as James Bond. As well as the more traditionally known roles in security such as spies and code breakers (Cryptographers). There are a host of other exciting jobs in security, Intelligence Analysts, Software Engineers, Data Scientists, Language Specialists and Legal Advisers to name a few.
