

# Forton's Fundamental Fact – Geography

Topic – Our Changing World

Summer 2–Pendle (Year 5 & 6)

## Weathering

## Key Vocabulary

Acidic

A chemical substance which reacts with other substances to form salts. Some acids burn or dissolve other substances that they come into contact with.

## Changing Boundaries

## Changing Landscapes

Border

The outer part or edge of a region or country that divides it from another.

Deposition

When material is moved and dropped off in a different place.

## Features of Coastlines

Dissolve

When a solid substance mixes with a liquid to make a solution.

Erosion

When natural materials are worn away and transported to a different place.

Weathering

The process of wearing away rocks by the weather.

## Erosion
